***Consolidated Appropriations Act* provider directory federal mandate – provider directories effective January 1, 2022**

As required by the *Consolidated Appropriations Act (CAA)* and several state laws, we must ensure our provider directories are accurate. Your patients, our members, need the most up-to-date information to reach you. Please keep us informed of any changes impacting you or your office, especially those changes impacting the directory.

We will reach out to our contracted providers as required by Federal and State laws to verify contact information. As a contracted provider, you must respond to the notification by providing updated contact information.

We appreciate your due diligence in keeping us informed of any changes impacting you or your office. Working together, we ensure your patients, our members, can reach you quickly while we meet our compliance obligations.
